FOREIGN NEWS!

By the arrival of the Am. clipper bark *Melita*,
Captain Polleys, 16 days from San Francisco,
we have received dates from that city Jan. 3.
New Orleans Dec. 12, New York Dec. 6, Europe
Nov. 24.

The President's message to the Congress of the
United States is given in full in the California pa-
pers. We notice it elsewhere.

We condense from other journals:
The trial of the mutineers and murderers of the
whaler ship Junior closed at Boston on the 1st in-
stant, after having occupied the Court for nineteen
days. Plumer, the ringleader, was found guilty
of murder, and Cartha, Herbert and Stanley of
manslaughter. This trial has excited intense in-
terest in the community, not more from the enor-
mity of the crime than from the protracted and
ingenious defence of the several counsel for the
accused. The disgraceful, cruel and inhuman
practices resorted to by the officers of the *Junior* as
punishments to them for the most venial offences,
and for no offences at all; the fact that rotten
meat and wormy bread, the refuse stores of former
voyages, were dealt out to the crew, which they
were forced to eat or starve, were all laid bare by
the masterly cross-examination of the witnesses,
creating such a sympathy in favor of the culprits,
that the verdict of manslaughter in the cases of
three of the culprits is undoubtedly due to that
feeling, and it is doubtful whether Plumer himself
would have shared a like clemency on the part
of the jury, were it not that the blood of some
victim was necessary to appease the violated
majesty of the law. As it is, Plumer's counsel had
demanded a new trial on his behalf, on the ground
that Plumer's offense was precisely similar to that
of his fellow-prisoners; and that, therefore, the
verdict in his case should have been the same as in
theirs.

There is an evident determination on all hands,
not to renew the present contracts for carrying the
California mails. It is more than probable that
the contracts will be advertised and let to the
lowest bidders.

There is no probability that Congress, at the
present session, will authorize a line of steamers
to China, although strong efforts to that end will
be made.

A petition has been prepared, and is circulating
for signature, praying Congress to provide for
the construction of a double-track Railroad from the
Atlantic to the Pacific, with a collateral telegraph
—the work to be done by ten distinct companies,
in as many sections, each being paid its share of
one hundred millions of dollars as its work may
be done. No lands are to be given; none but
American iron and other materials of American
manufacture must be used—the fare for through
passengers must never exceed three-fourths of a cent
per mile; and the whole work must be completed
within five years.

The papers are full of rumors that Spain is about
to make war against Mexico, backed by England
and France. Our Government has no faith in the
policy, whatever. France, perhaps, would be wil-
ling to take part in such a scheme; but no British
Ministry could survive for twenty-four hours the
disclosure of any policy so certain to disturb the
political and commercial relations between the
United States and England. Nor could Spain be
so fool-hardy as to attempt such a war, as it would
afford the opportunity that they desire; for they
could then make Mexico the point of rendezvous
of a perfectly legal expedition against the "ever
faithful isle," and volunteers by the thousands,
from the United States, would not be wanting to
"fight the battles of Mexico," and incidentally
prepare Cuba for American annexation.

WASHINGTON, Dec. 5.
General Paez left the city yesterday, on his way
to Lagayra, on board the Government steamer
Atalaya, and his son by the *Caledonia*, both steam-
ers having been placed at their disposal by the
Government.

The United States steam frigate *Serrano* and
the United States sloop-of-war *St. Mary's* have
been ordered to Guaymas, at the head of the Gulf
of California, for the purpose of inquiring into the
difficulty between Capt. Stone, late of the United
States army, and the authorities of that place.

There is no doubt, says a Washington corre-
spondent, that Arizona will be organized into a sepa-
rate Territory this winter, as an offset to Dacota,
which will also assume due power as an in-
cident State.

The letter of Commodore Stewart to the Navy
Department, asking to be relieved from the com-
mand of the Philadelphia Navy Yard, declares that
if the Government does not remove the stain
placed upon his name by the action of the celebra-
ted Naval Retiring Board, he will not only resign,
but return to the Department all the tokens of ap-
preciation of former services which have been be-
stowed upon him at different times.

Resolutions have been introduced into the South
Carolina Legislature declaring that the Constitu-
tion of the United States contains no grant or pow-
er to interfere with the commerce of foreign coun-
tries, and therefore that all the acts of Congress
purporting to prohibit the slave trade between
foreign nations are unconstitutional null and void.

Also, that the act of Congress declaring the slave
trade to be piracy, inasmuch as it purports to con-
vert into piracy what is not so in the nature of
things, or in the sense of the Constitution, is un-
constitutional, null and void. These resolutions
were referred to a Committee on Foreign Relations
by a vote of 25 to 13—a circumstance unfavorable
to their passage.

The Sunday omnibus question has been settled
in Cincinnati by a decision of Judge Prudden, that
the running of omnibuses on Sunday is a work of
necessity.

A bill has passed the House of Representatives
of Georgia, by a vote of 56 to 52, prohibiting the
inter-marriage of first cousins, under a severe pen-
alty, and cutting off the inheritance of issue. The
preamble to the bill asserts that many deforma-
tions of mind and body are of congenial origin,
from the practice of near kindred intermarrying with
each other.

The ALMADEN QUICKSILVER CASE.—Washington
Dec. 1.—Government has received from California
the official accounts of the judicial proceedings in
the Almaden and Almaden land cases, which
have been decided in favor of the United States.
The former claim is located in the vicinity of San
Francisco, and with the improvements, is supposed
to cost \$400,000 worth of property, while from
the Almaden mines it is stated \$3,000,000
worth of quicksilver was taken during six years.

The present Attorney General of the United
States, with a view of bringing these long pending
cases to a close, employed Mr. Stanton, of Pitts-
burg, to prosecute them. In the course of the trial
the most stupendous frauds were exposed. The
signatures of Boanegra and other distinguished
Mexicans were obtained, apparently to genuine it-
les, but the documents were ante-dated, as neces-
sary to consummate the ingeniously contrived
deception. Much skill was shown in the forged
seals on which the cheat was established. Eminent
jurists considering these the most important
cases on record involving title to lands, while the
extent of the forgery, all things considered, is
without a precedent.

It is said that Senator Douglas' visit to Louisi-
ana at this particular time is to aid Mr. Soule in
his contest for the Senate. The Douglas men in-
timate that should the President be what they
term "slow" in his foreign policy regarding Mex-
ico and Central America, the "Little Giant" will
dash in with a bold programme, to be in advance
of the Administration.

Despatches from Minister Lamar to the State De-
partment, speak of the astonishing effect on the
Central Americans of General Cass' despatch to
him, and as a consequence the exhibition of a bet-
ter feeling toward this country.

The President has received information from
Japan that a full embassy from that country, will
make its appearance at Washington some time in
May or June next. They will be brought to Pan-
ama in an American steam-ship, and thence pro-
ceed to New York. It will be marked by splen-
did presents to the government from the Japanese
Emperor.

From the latest telegraphic dispatches to the va-
rious New Orleans papers, we take the following
additional items of Eastern news.

**EXCITEMENT IN WASHINGTON AT THE ESCAPE OF
THE FILIBUSTERS.**—Washington, Dec. 11.—The re-
cent escape of the filibuster schooner *Susan* from
the vigilance of the Revenue Cutter in Mobile
Bay has created intense excitement in official quar-
ters here.

It is feared that if the filibusters are arrested by
the British, other foreign forces will volunteer in
co-operation with the British, and that the feelings
of the people of this country will be aroused there-
by to raise and send large reinforcements to re-
scue them.

The Union of this morning says it hopes our
naval vessels may yet intercept the schooner *Susan*,
and preserve yet longer this filibuster question as
purely a
